

Application for Village of Pawling Pedestrian Task Force

The Village of Pawling will be working in conjunction with the Dutchess County Transportation Council to complete a Sidewalk Inventory and Improvement Plan. The goal is to enhance walkability by improving our pedestrian safety routes throughout the village and linking to the town. The Board of Trustees is creating a Pedestrian Task Force to be composed of local citizens to work in concert with the Board, DCTC, grant writers and other appointed experts, consultants or departments on a inventory as needed for six to twelve months or until a detailed report can be completed. If you are selected, the time commitment will be approximately 4-5 hours a month for up to twelve months. If you are interested, please fill out the following form and send by May 19, 2018 to josborn@villageofpawling.org or Village of Pawling at 9 Memorial Avenue, Pawling, NY 12564. All applications will be reviewed and forwarded to the Chairperson for consideration.
