

AGENDA July 17, 2023

Subscribe to our YouTube page for live stream

I. OPEN MEETING

II. NEW BUSINESS

- MTA Trunk Sewer Replacement Project
 - Resolution Designating The Village of Pawling SEQR Lead Agency
 - Bond Resolution
- Approve 2023 Amendment to Agreement of Municipal Cooperation for Construction, Financing and operation of an Inter-Municipal Sewer Interceptor, Treatment and Disposal System.
- Discuss ESRI – ArcGIS software.
- Discuss RFP Well Field Contract # 1 proposals – Lower Baxter.
- Chamber of Commerce bathroom discussion.

III. OLD BUSINESS

- Engineer's Report

IV. MOTION TO PAY BILLS

- May bills in the amount of \$19,744.43.
- EFC LT #5 in the amount of \$12,545.77.
- July 10, 2023 prepaids in the amount of \$1,912.60.
- June bills in the amount of \$79,182.11.

V. ADJOURNMENT

VI. EXECUTIVE SESSION - Litigation

RESOLUTION DESIGNATING THE VILLAGE OF PAWLING

SEQR LEAD AGENCY

MTA TRUNK SEWER REPLACEMENT PROJECT ENVIRONMENTAL (SEQRA) REVIEW

WHEREAS The Pawling Joint Sewer Commission (PJSC) proposes to replace an existing trunk sewer to eliminate ongoing maintenance issues caused by periodic blockage of the asbestos cement (AC) trunk sewer, which is seasonally affected by infiltration and exfiltration as well, and

WHEREAS The 2,850-foot-long (12-inch) replacement trunk sewer will be constructed on MTA property (tax parcel 134001-7057-17-082121) in the area east of the MTA railroad and beneath the existing cemetery (tax parcel 134001-7057-17-160205 and will travel north, and then cut east across the athletic fields of the Trinity Pawling School (tax parcel 134001-7057-13-194303) to terminate in the existing WWTP Main Lift Station located at the PJSC Wastewater Treatment Plan located off Corbin Road (west of NYS Route 22) on tax parcel 134001-7057-13-224427, requiring easements, and

WHEREAS The new trunk sewer will be constructed using directional drill techniques at depths below aquatic resources and 10 feet minimum below the cemetery. Remaining areas will be constructed using open cut techniques along the MTA property east of the MTA railroad and Trinity Pawling athletic fields, and

WHEREAS A potential new connection to PJSC manhole #10, is under consideration as part of this project via horizontal directional drill under the MTA railroad connecting this section of the collection system to the replacement trunk sewer. Alternatively, the existing trunk sewer from manhole #10 may remain in service as a connection for several side streets and properties west of the MTA railroad to the WWTP Main Lift Station, and

WHEREAS A gravity sewer is the preferred concept, but a pump station or inverted siphon may be used as alternative options. These decisions will be made under consultation with permitting agencies in advance of final design, and

WHEREAS The replacement trunk sewer will improve the system to allow continued capacity for the existing flow as originally designed. No additional capacity is planned for as part of this project.

WHEREAS the project requires the following approvals:

1. Village of Pawling Decision to Fund
2. Pawling Joint Sewer Commission Decision to Fund
3. NYS Department of Environmental Conservation (NYSDEC) Article 15 permit; Article 24 permit; Article 11; 401 WQC (to be determined based on design and in consultation with regulatory agencies)
4. NYSDEC Plans and Specifications for Sanitary Sewer
5. Dutchess County Department of Behavioral and Community Health (DCDBCH) Plans and Specifications for Sanitary Sewer

6. NYS Environmental Facilities Corporation (NYSEFC) Water Infrastructure Improvement Act (WIIA) loan and Grant.
7. United States Army Corps of Engineers (USACE) Nationwide Permit 58;
8. NYS Office of Parks, Recreation and Historic Preservation Section 106 Consultation
9. United States Fish and Wildlife Service (USFWS) Section 7 Consultation

WHEREAS, the Village of Pawling Board of Trustees has determined the proposed action is an Unlisted Action, pursuant to the New York State Environmental Quality Review Act (SEQRA) 6 NYCRR Part 617, and that a coordinated review of the action will be undertaken, and

WHEREAS, the Village of Pawling Board of Trustees has circulated the proposed action to all involved agencies for 30 days indicating their desire to be Lead Agency in accordance with 6NYCRR 617.6, and no objection was received,

THEREFORE BE IT RESOLVED, that the Village of Pawling Board of Trustees hereby establishes themselves as Lead Agency for review of the proposed action, pursuant to the requirements of the State Environmental Quality Review Act, 6NYCRR 617.6.

INTRODUCTION

This notice is issued pursuant to Part 617 of the implementing regulations pertaining to Article 8 (State Environmental Quality Review Act) of the Environmental Conservation Law. The Village of Pawling Village Board as Lead Agency has determined that the proposed action described below will not have a significant adverse environmental impact, and a Draft Environmental Impact Statement will not be prepared. The Lead Agency conducted its own independent review and analysis of the information provided and the potential environmental effects.

Name of Action: MTA Trunk Sewer Replacement Project

SEQR Status: Unlisted

Conditioned Negative Declaration: No

Location of Action/Tax Parcels:

The 2,850-foot-long replacement trunk sewer will be constructed on MTA property (tax parcel 134001-7057-17-082121) in the area east of the MTA railroad and beneath the existing cemetery (tax parcel 134001-7057-17-160205 and will travel north, and then cut east across the athletic fields of the Trinity Pawling School (tax parcel 134001-7057-13-194303) to terminate in the existing WWTP Main Lift Station located at the PJSC Wastewater Treatment Plan located off Corbin Road (west of NYS Route 22) on tax parcel 134001-7057-13-224427.

Approvals and Permits:

- Village of Pawling Decision to Fund
- Pawling Joint Sewer Commission Decision to Fund
- NYS Department of Environmental Conservation (NYSDEC) Article 15 permit; Article 24 permit; Article 11; 401 WQC (to be determined based on design and in consultation with regulatory agencies)
- NYSDEC Plans and Specifications for Sanitary Sewer
- Dutchess County Department of Behavioral and Community Health (DCDBCH) Plans and Specifications for Sanitary Sewer
- NYS Environmental Facilities Corporation (NYSEFC) Water Infrastructure Improvement Act (WIIA) loan and Grant
- United States Army Corps of Engineers (USACE) Nationwide Permit 58
- NYS Office of Parks, Recreation and Historic Preservation (NYSOPRHP) Section 106 Consultation
- United States Fish and Wildlife Service (USFWS) Section 7 Consultation

List of Involved Agencies:

- Pawling Joint Sewer Commission
- New York State Department of Environmental Conservation
- Dutchess County Department of Behavioral and Community Health
- NYS Environmental Facilities Corporation

Reasons Supporting This Determination:

A Part 1 Full Environmental Assessment Form was prepared for the project on June 5, 2023. Assessments of the potential impacts resulting from the proposed action which supported the Environmental Assessment Form findings included the following documents:

- Site Plan Set, LaBella Associates, DPC., May 2023
 - Sanitary Sewer Site Map, Sheet C170
 - Plan and Profile, Sheets C171 – C175

DESCRIPTION OF ACTION

The Pawling Joint Sewer Commission (PJSC) proposes to replace an existing trunk sewer to eliminate ongoing maintenance issues caused by periodic blockage of the asbestos cement (AC) trunk sewer, which is also seasonally affected by infiltration and exfiltration. The 2,850-foot-long (12 inch) replacement trunk sewer will be constructed on MTA property (tax parcel 134001-7057-17-082121) in the area east of the MTA railroad and beneath the existing cemetery (tax parcel 134001-7057-17-160205 and will travel north, and then cut east across the athletic fields of the Trinity Pawling School (tax parcel 134001-7057-13-194303) to terminate in the existing WWTP Main Lift Station located at the PJSC Wastewater Treatment Plant located off Corbin Road (west of NYS Route 22) on tax parcel 134001-7057-13-224427. Easements agreements will be required. The new trunk sewer will be constructed using directional drill techniques at depths below aquatic resources and 10 feet minimum below the cemetery. Remaining areas will be constructed using open cut techniques along the MTA property east of the MTA railroad and Trinity Pawling athletic fields. A potential new connection to PJSC manhole #10, is under consideration as part of this project via horizontal directional drill under the MTA railroad connecting this section of the collection system to the replacement trunk sewer. Alternatively, the existing trunk sewer from manhole #10 may remain in service as a connection for several side streets and properties west of the MTA railroad to the WWTP Main Lift Station. A gravity sewer is the preferred concept, but a pump station or inverted siphon may be used as alternative options. These decisions will be made under consultation with permitting agencies in advance of final design. The replacement trunk sewer will improve the system to allow continued capacity for the existing flow as originally designed. No additional capacity is planned for as part of this project.

The proposed 2,850-foot long replacement sewer was the approved conclusion and recommendation of the 2021 LaBella Engineering Report (Report) completed with the assistance of an Engineering Planning Grant (EPG) from the NYS Environmental Facilities Corporation (EFC).

1.0 IMPACT ON LAND

The construction of the proposed action will result in disturbance of approximately 0.7 acres of the project site. The predominant soil types on site are silt loam and urban land, presumed to be associated with the construction of the railroad. Groundwater and bedrock are anticipated to be located greater than 6 feet below ground in a majority of the site. At streams and wetlands, the groundwater may be expressed at the surface. Soil disturbing activities include directional drilling and open cut trenching. Following land disturbance, the disturbed area will be restored with material replaced in kind to maintain the existing topography.

As demonstrated, no significant adverse impact to land will occur as a result of the proposed project.

2.0 IMPACT ON SURFACE WATER

According to available NYSDEC wetland and stream information, the project site does not contain a State regulated wetland or regulated adjacent area but is located within the State 500-foot checkzone for Wetland DP-22, which is mapped west of the MTA railroad. The project site does cross a State regulated stream (825-63, C(T)). LaBella Associates staff conducted a visit of the project site in May 2023, and located an additional currently unmapped stream south of the mapped stream. Both streams cross beneath the MTA railroad through existing culverts. There is also a wetland located in the same area as the southern-most stream, which is not identified on the State mapping or the National Wetlands Inventory mapping.

Detailed wetland assessment, delineation and permitting will be undertaken in consultation with regulatory agencies over the next several months and will coincide with detailed engineering. It is anticipated that the trunk sewer can be constructed without impacts to aquatic resources using directional drilling and other best practice techniques. Detailed engineering will be undertaken in consultation with NYSDEC and USACE to ensure no significant adverse impacts to aquatic resources occur as part of the proposed action.

As demonstrated, no significant adverse impacts to surface water will occur as a result of the proposed project.

3.0 IMPACT ON FLOODING

The project site intersects with the 100-year floodplain; however, the project will not result in a net increase in fill nor will it change topography within the floodplain. For these reasons, no significant adverse change in floodplain capacity will occur.

4.0 IMPACT ON PLANTS AND ANIMALS

According to the NYSDEC Environmental Resource Mapper the project site falls within an Occurrence Record Buffer for the bog turtle, a state-regulated endangered species. According to the USFWS Information for Planning and Consultation (IPaC), the project site is within the range of the indiana bat, northern long-eared bat (both federal and state endangered), and the bog turtle (federally listed threatened). The IPaC report also states that the project site is within the range of the monarch butterfly, a federal candidate species; however, candidate species are not regulated by the USFWS.

During the May 2023 site visit, LaBella Associates staff observed potential bog turtle habitat in the project site. It is LaBella's assessment that this habitat is unlikely to be used given its location on the east side of the MTA tracks, separated from fen habitat associated with the Swamp River to the west. The proposed action will not result in loss of habitat. The trunk sewer is likely to be directionally drilled below the aquatic resources, which would result in no impacts to the habitat. In the unlikely event that trenching were used in the wetland habitat or surrounding 300-foot upland conservation zone, following land disturbance, the disturbed area will be restored with material replaced in kind to maintain the existing topography. During construction, contractor training, fencing and/or monitoring and sweeping may be undertaken as needed to avoid/minimize effects on the habitat and species. Timing restrictions may also be used to avoid/minimize effects of construction activities. Final determination on these and any other techniques used to avoid/minimize effects will be determined through consultation with regulatory agencies. Relative to indiana and northern long-eared bats, any tree removal is expected to be minimal and will be timed for winter months (October 1 through March 31) to avoid impacts to bat species.

Detailed habitat assessments will be undertaken over the next several months in consultation with regulatory agencies. In addition, consultation will be taken with regulatory agencies to evaluate potential impacts to regulated species and to finalize avoidance and minimization measures to ensure no significant adverse impacts.

5.0 IMPACT ON HISTORIC AND ARCHAEOLOGICAL RESOURCES

The proposed action will occur substantially contiguous to the prior Pawling Freight House, which is identified as eligible for listing the State and National Registers of Historic Places yet was demolished in 1995. Project information was submitted to NYSOPRHP for consultation and in a June 8, 2023 letter, NYSOPRHP stated, “Based upon this review, it is the New York State Historic Preservation Office’s opinion that no historic properties, including archaeological and/or historic resources, will be affected by this undertaking.”

The project site traverses the western most edge of St. John’s cemetery. Construction in this area will be undertaken using directional drilling at a 10 foot minimum depth beneath the cemetery. The Village is consulting with the cemetery staff to ensure these measures will avoid and minimize effects of construction.

As described, no significant adverse impacts to historic or cultural resources will occur as part of the proposed action.

6.0 IMPACT ON CRITICAL ENVIRONMENTAL AREAS

The Great Swamp Critical Environmental Area (CEA) is not mapped on the project site. The CEA is mapped coterminous with the boundaries of NYSDEC-mapped Wetland DP-22, which is mapped west across the MTA railroad from the project site. As stated above, the 500-foot checkzone for this wetland extends onto the project site. The Great Swamp CEA covers approximately 6,000 acres of eastern Putnam and Dutchess Counties and was designated in 1992 because of its “benefit to human health.” As noted above, significant adverse impacts to aquatic resources will be avoided through consultation with regulatory agencies during the detailed engineering phase of this project.

7.0 IMPACT ON ODOR

The project may require the use of a pump station or an inverted siphon. If a pump station is needed, the wet wells will be sealed from the atmosphere and the underground valve vault will be contained within concrete walls and sealed hatches to prevent odors from escaping. There would be no ventilation of the underground wet wells to cause odors. Should an inverted siphon be needed, then odor control measures will be employed.

As described, no significant adverse impacts related to odors will occur as part of the proposed action.

8.0 IMPACT ON HUMAN HEALTH

A portion of the project site traverses the western most edge of the athletic fields for the Trinity Pawling school. In this area, the sewer line will be constructed using open cut trenching techniques and will be restored to the existing topography at completion. The project is not anticipated to significantly disrupt school activities.

According to NYSDEC, the project site is located east of a remediation site (314002/157 Charles Colman Boulevard), which is part of the State Superfund Program and is managed under a site management plan and deed restriction. The site is located approximately 500 feet northwest of the

project site terminus. The remediation site has contaminated groundwater and soil. As part of the permitting and approval process with NYSDEC, proper handling protocols for water and soils will be developed, as needed, for areas near the remediation site to ensure there are no impacts to human health, aquatic or endangered species habitats.

As described, no significant adverse impacts to human health will occur as part of the proposed action.

CONCLUSION

With reference to the criteria for significance found in 617.7 (c)(1)(i) – (xii) and as demonstrated above:

1. The project will not result in a substantial adverse change in existing air quality; ground or surface water quality or quantity; traffic or noise levels; a substantial increase in solid waste production or a substantial increase in potential for erosion, flooding, leaching or drainage problems.
2. The project will not result in the removal or destruction of large quantities of vegetation or fauna; substantial interference with the movement of any resident or migratory fish or wildlife species; impacts on a significant habitat area; substantial adverse impacts on a threatened or endangered species of animal or plant; or the habitat of such a species; or other significant adverse impacts to natural resources.
3. The project will not result in the impairment of the environmental characteristics of a critical environmental area.
4. The project will not result in the creation of a material conflict with a community's current plans or goals as officially adopted.
5. The project will not result in the impairment of the character or quality of important historical, archeological, architectural, or aesthetic resources or of existing community or neighborhood character.
6. The project will not result in a major change in the use of either the quantity or type of energy.
7. The project will not result in the creation of a hazard to human health.
8. The project will not result in a substantial change in the use, or intensity of use, of land including agricultural, open space or recreational resources, or in its capacity to support existing uses.
9. The project will not result in the encouragement or attraction of large numbers of people to a place or places for more than a few days, compared to the number of people who would come to such a place absent the action.
10. The project will not result in the creation of a material demand for other actions that would result in one of the above consequences.
11. The project will not result in changes in two or more elements of the environment, no one of which has a significant impact on the environment, but when considered together result in a substantial adverse impact on the environment.
12. The project is not a part of two or more related actions undertaken, funded or approved by an agency, none of which has or would have a significant impact on the environment, but when considered cumulatively would meet one or more of the criteria in Part 617.7 (c)(1).

Full Environmental Assessment Form
Part 2 - Identification of Potential Project Impacts

Agency Use Only [If applicable]

Project : MTA Trunk Sewer Replacement Project
 Date : 7/10/2023

Part 2 is to be completed by the lead agency. Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency's reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency **and** the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

Tips for completing Part 2:

- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer “Yes” to a numbered question, please complete all the questions that follow in that section.
- If you answer “No” to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box “Moderate to large impact may occur.”
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the “whole action”.
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

1. Impact on Land		<input type="checkbox"/> NO	<input checked="" type="checkbox"/> YES
Proposed action may involve construction on, or physical alteration of, the land surface of the proposed site. (See Part 1. D.1) <i>If “Yes”, answer questions a - j. If “No”, move on to Section 2.</i>			
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may involve construction on land where depth to water table is less than 3 feet.	E2d	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may involve construction on slopes of 15% or greater.	E2f	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may involve construction on land where bedrock is exposed, or generally within 5 feet of existing ground surface.	E2a	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may involve the excavation and removal of more than 1,000 tons of natural material.	D2a	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may involve construction that continues for more than one year or in multiple phases.	D1e	<input checked="" type="checkbox"/>	<input type="checkbox"/>
f. The proposed action may result in increased erosion, whether from physical disturbance or vegetation removal (including from treatment by herbicides).	D2e, D2q	<input checked="" type="checkbox"/>	<input type="checkbox"/>
g. The proposed action is, or may be, located within a Coastal Erosion hazard area.	B1i	<input checked="" type="checkbox"/>	<input type="checkbox"/>
h. Other impacts: <u>None</u>		<input checked="" type="checkbox"/>	<input type="checkbox"/>

2. Impact on Geological Features

The proposed action may result in the modification or destruction of, or inhibit access to, any unique or unusual land forms on the site (e.g., cliffs, dunes, minerals, fossils, caves). (See Part 1. E.2.g)

NO

YES

If "Yes", answer questions a - c. If "No", move on to Section 3.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. Identify the specific land form(s) attached: _____	E2g	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may affect or is adjacent to a geological feature listed as a registered National Natural Landmark. Specific feature: _____	E3c	<input type="checkbox"/>	<input type="checkbox"/>
c. Other impacts: _____		<input type="checkbox"/>	<input type="checkbox"/>

3. Impacts on Surface Water

The proposed action may affect one or more wetlands or other surface water bodies (e.g., streams, rivers, ponds or lakes). (See Part 1. D.2, E.2.h)

NO

YES

If "Yes", answer questions a - l. If "No", move on to Section 4.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may create a new water body.	D2b, D1h	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in an increase or decrease of over 10% or more than a 10 acre increase or decrease in the surface area of any body of water.	D2b	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may involve dredging more than 100 cubic yards of material from a wetland or water body.	D2a	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may involve construction within or adjoining a freshwater or tidal wetland, or in the bed or banks of any other water body.	E2h	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may create turbidity in a waterbody, either from upland erosion, runoff or by disturbing bottom sediments.	D2a, D2h	<input checked="" type="checkbox"/>	<input type="checkbox"/>
f. The proposed action may include construction of one or more intake(s) for withdrawal of water from surface water.	D2c	<input checked="" type="checkbox"/>	<input type="checkbox"/>
g. The proposed action may include construction of one or more outfall(s) for discharge of wastewater to surface water(s).	D2d	<input checked="" type="checkbox"/>	<input type="checkbox"/>
h. The proposed action may cause soil erosion, or otherwise create a source of stormwater discharge that may lead to siltation or other degradation of receiving water bodies.	D2e	<input checked="" type="checkbox"/>	<input type="checkbox"/>
i. The proposed action may affect the water quality of any water bodies within or downstream of the site of the proposed action.	E2h	<input checked="" type="checkbox"/>	<input type="checkbox"/>
j. The proposed action may involve the application of pesticides or herbicides in or around any water body.	D2q, E2h	<input checked="" type="checkbox"/>	<input type="checkbox"/>
k. The proposed action may require the construction of new, or expansion of existing, wastewater treatment facilities.	D1a, D2d	<input checked="" type="checkbox"/>	<input type="checkbox"/>

1. Other impacts: <u>None. Project will directionally drill beneath aquatic resources and/or open trench and replace topsoil to pre-existing conditions.</u>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
--	-------------------------------------	--------------------------

4. Impact on groundwater NO YES

The proposed action may result in new or additional use of ground water, or may have the potential to introduce contaminants to ground water or an aquifer.
(See Part 1. D.2.a, D.2.c, D.2.d, D.2.p, D.2.q, D.2.t)
If "Yes", answer questions a - h. If "No", move on to Section 5.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may require new water supply wells, or create additional demand on supplies from existing water supply wells.	D2c	<input type="checkbox"/>	<input type="checkbox"/>
b. Water supply demand from the proposed action may exceed safe and sustainable withdrawal capacity rate of the local supply or aquifer. Cite Source: _____	D2c	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may allow or result in residential uses in areas without water and sewer services.	D1a, D2c	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may include or require wastewater discharged to groundwater.	D2d, E2l	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may result in the construction of water supply wells in locations where groundwater is, or is suspected to be, contaminated.	D2c, E1f, E1g, E1h	<input type="checkbox"/>	<input type="checkbox"/>
f. The proposed action may require the bulk storage of petroleum or chemical products over ground water or an aquifer.	D2p, E2l	<input type="checkbox"/>	<input type="checkbox"/>
g. The proposed action may involve the commercial application of pesticides within 100 feet of potable drinking water or irrigation sources.	E2h, D2q, E2l, D2c	<input type="checkbox"/>	<input type="checkbox"/>
h. Other impacts: _____		<input type="checkbox"/>	<input type="checkbox"/>

5. Impact on Flooding NO YES

The proposed action may result in development on lands subject to flooding.
(See Part 1. E.2)
If "Yes", answer questions a - g. If "No", move on to Section 6.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may result in development in a designated floodway.	E2i	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in development within a 100 year floodplain.	E2j	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may result in development within a 500 year floodplain.	E2k	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may result in, or require, modification of existing drainage patterns.	D2b, D2e	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may change flood water flows that contribute to flooding.	D2b, E2i, E2j, E2k	<input checked="" type="checkbox"/>	<input type="checkbox"/>
f. If there is a dam located on the site of the proposed action, is the dam in need of repair, or upgrade?	E1e	<input checked="" type="checkbox"/>	<input type="checkbox"/>

g. Other impacts: None.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
-------------------------	-------------------------------------	--------------------------

6. Impacts on Air		<input checked="" type="checkbox"/> NO	<input type="checkbox"/> YES
The proposed action may include a state regulated air emission source. (See Part 1. D.2.f., D.2.h, D.2.g) If "Yes", answer questions a - f. If "No", move on to Section 7.			
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. If the proposed action requires federal or state air emission permits, the action may also emit one or more greenhouse gases at or above the following levels: i. More than 1000 tons/year of carbon dioxide (CO ₂) ii. More than 3.5 tons/year of nitrous oxide (N ₂ O) iii. More than 1000 tons/year of carbon equivalent of perfluorocarbons (PFCs) iv. More than .045 tons/year of sulfur hexafluoride (SF ₆) v. More than 1000 tons/year of carbon dioxide equivalent of hydrochloroflourocarbons (HFCs) emissions vi. 43 tons/year or more of methane	D2g D2g D2g D2g D2g D2h	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>
b. The proposed action may generate 10 tons/year or more of any one designated hazardous air pollutant, or 25 tons/year or more of any combination of such hazardous air pollutants.	D2g	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may require a state air registration, or may produce an emissions rate of total contaminants that may exceed 5 lbs. per hour, or may include a heat source capable of producing more than 10 million BTU's per hour.	D2f, D2g	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may reach 50% of any of the thresholds in "a" through "c", above.	D2g	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may result in the combustion or thermal treatment of more than 1 ton of refuse per hour.	D2s	<input type="checkbox"/>	<input type="checkbox"/>
f. Other impacts: _____		<input type="checkbox"/>	<input type="checkbox"/>

7. Impact on Plants and Animals		<input type="checkbox"/> NO	<input checked="" type="checkbox"/> YES
The proposed action may result in a loss of flora or fauna. (See Part 1. E.2. m.-q.) If "Yes", answer questions a - j. If "No", move on to Section 8.			
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may cause reduction in population or loss of individuals of any threatened or endangered species, as listed by New York State or the Federal government, that use the site, or are found on, over, or near the site.	E2o	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in a reduction or degradation of any habitat used by any rare, threatened or endangered species, as listed by New York State or the federal government.	E2o	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may cause reduction in population, or loss of individuals, of any species of special concern or conservation need, as listed by New York State or the Federal government, that use the site, or are found on, over, or near the site.	E2p	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may result in a reduction or degradation of any habitat used by any species of special concern and conservation need, as listed by New York State or the Federal government.	E2p	<input checked="" type="checkbox"/>	<input type="checkbox"/>

e. The proposed action may diminish the capacity of a registered National Natural Landmark to support the biological community it was established to protect.	E3c	<input checked="" type="checkbox"/>	<input type="checkbox"/>
f. The proposed action may result in the removal of, or ground disturbance in, any portion of a designated significant natural community. Source: _____	E2n	<input checked="" type="checkbox"/>	<input type="checkbox"/>
g. The proposed action may substantially interfere with nesting/breeding, foraging, or over-wintering habitat for the predominant species that occupy or use the project site.	E2m	<input checked="" type="checkbox"/>	<input type="checkbox"/>
h. The proposed action requires the conversion of more than 10 acres of forest, grassland or any other regionally or locally important habitat. Habitat type & information source: _____	E1b	<input checked="" type="checkbox"/>	<input type="checkbox"/>
i. Proposed action (commercial, industrial or recreational projects, only) involves use of herbicides or pesticides.	D2q	<input checked="" type="checkbox"/>	<input type="checkbox"/>
j. Other impacts: <u>None</u> _____		<input checked="" type="checkbox"/>	<input type="checkbox"/>

8. Impact on Agricultural Resources			
The proposed action may impact agricultural resources. (See Part 1. E.3.a. and b.)		<input checked="" type="checkbox"/> NO	<input type="checkbox"/> YES
<i>If "Yes", answer questions a - h. If "No", move on to Section 9.</i>			
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may impact soil classified within soil group 1 through 4 of the NYS Land Classification System.	E2c, E3b	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may sever, cross or otherwise limit access to agricultural land (includes cropland, hayfields, pasture, vineyard, orchard, etc).	E1a, E1b	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may result in the excavation or compaction of the soil profile of active agricultural land.	E3b	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may irreversibly convert agricultural land to non-agricultural uses, either more than 2.5 acres if located in an Agricultural District, or more than 10 acres if not within an Agricultural District.	E1b, E3a	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may disrupt or prevent installation of an agricultural land management system.	E1 a, E1b	<input type="checkbox"/>	<input type="checkbox"/>
f. The proposed action may result, directly or indirectly, in increased development potential or pressure on farmland.	C2c, C3, D2c, D2d	<input type="checkbox"/>	<input type="checkbox"/>
g. The proposed project is not consistent with the adopted municipal Farmland Protection Plan.	C2c	<input type="checkbox"/>	<input type="checkbox"/>
h. Other impacts: _____		<input type="checkbox"/>	<input type="checkbox"/>

9. Impact on Aesthetic Resources NO YES

The land use of the proposed action are obviously different from, or are in sharp contrast to, current land use patterns between the proposed project and a scenic or aesthetic resource. (Part 1. E.1.a, E.1.b, E.3.h.)
If "Yes", answer questions a - g. If "No", go to Section 10.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. Proposed action may be visible from any officially designated federal, state, or local scenic or aesthetic resource.	E3h	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in the obstruction, elimination or significant screening of one or more officially designated scenic views.	E3h, C2b	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may be visible from publicly accessible vantage points: i. Seasonally (e.g., screened by summer foliage, but visible during other seasons) ii. Year round	E3h	<input type="checkbox"/> <input type="checkbox"/>	<input type="checkbox"/> <input type="checkbox"/>
d. The situation or activity in which viewers are engaged while viewing the proposed action is: i. Routine travel by residents, including travel to and from work ii. Recreational or tourism based activities	E3h E2q, E1c	<input type="checkbox"/> <input type="checkbox"/>	<input type="checkbox"/> <input type="checkbox"/>
e. The proposed action may cause a diminishment of the public enjoyment and appreciation of the designated aesthetic resource.	E3h	<input type="checkbox"/>	<input type="checkbox"/>
f. There are similar projects visible within the following distance of the proposed project: 0-1/2 mile 1/2 -3 mile 3-5 mile 5+ mile	D1a, E1a, D1f, D1g	<input type="checkbox"/>	<input type="checkbox"/>
g. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

10. Impact on Historic and Archeological Resources NO YES

The proposed action may occur in or adjacent to a historic or archaeological resource. (Part 1. E.3.e, f. and g.)
If "Yes", answer questions a - e. If "No", go to Section 11.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may occur wholly or partially within, or substantially contiguous to, any buildings, archaeological site or district which is listed on the National or State Register of Historical Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places.	E3e	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may occur wholly or partially within, or substantially contiguous to, an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory.	E3f	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may occur wholly or partially within, or substantially contiguous to, an archaeological site not included on the NY SHPO inventory. Source: _____	E3g	<input checked="" type="checkbox"/>	<input type="checkbox"/>

d. Other impacts: <u>None</u>		<input checked="" type="checkbox"/>	<input type="checkbox"/>
e. If any of the above (a-d) are answered "Moderate to large impact may occur", continue with the following questions to help support conclusions in Part 3:			
i. The proposed action may result in the destruction or alteration of all or part of the site or property.	E3e, E3g, E3f	<input type="checkbox"/>	<input type="checkbox"/>
ii. The proposed action may result in the alteration of the property's setting or integrity.	E3e, E3f, E3g, E1a, E1b	<input type="checkbox"/>	<input type="checkbox"/>
iii. The proposed action may result in the introduction of visual elements which are out of character with the site or property, or may alter its setting.	E3e, E3f, E3g, E3h, C2, C3	<input type="checkbox"/>	<input type="checkbox"/>

11. Impact on Open Space and Recreation The proposed action may result in a loss of recreational opportunities or a reduction of an open space resource as designated in any adopted municipal open space plan. (See Part 1. C.2.c, E.1.c., E.2.q.) <i>If "Yes", answer questions a - e. If "No", go to Section 12.</i>				<input checked="" type="checkbox"/> NO <input type="checkbox"/> YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur	
a. The proposed action may result in an impairment of natural functions, or "ecosystem services", provided by an undeveloped area, including but not limited to stormwater storage, nutrient cycling, wildlife habitat.	D2e, E1b, E2h, E2m, E2o, E2n, E2p	<input type="checkbox"/>	<input type="checkbox"/>	
b. The proposed action may result in the loss of a current or future recreational resource.	C2a, E1c, C2c, E2q	<input type="checkbox"/>	<input type="checkbox"/>	
c. The proposed action may eliminate open space or recreational resource in an area with few such resources.	C2a, C2c, E1c, E2q	<input type="checkbox"/>	<input type="checkbox"/>	
d. The proposed action may result in loss of an area now used informally by the community as an open space resource.	C2c, E1c	<input type="checkbox"/>	<input type="checkbox"/>	
e. Other impacts: _____		<input type="checkbox"/>	<input type="checkbox"/>	

12. Impact on Critical Environmental Areas The proposed action may be located within or adjacent to a critical environmental area (CEA). (See Part 1. E.3.d) <i>If "Yes", answer questions a - c. If "No", go to Section 13.</i>				<input type="checkbox"/> NO <input checked="" type="checkbox"/> YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur	
a. The proposed action may result in a reduction in the quantity of the resource or characteristic which was the basis for designation of the CEA.	E3d	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
b. The proposed action may result in a reduction in the quality of the resource or characteristic which was the basis for designation of the CEA.	E3d	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
c. Other impacts: <u>None</u>		<input checked="" type="checkbox"/>	<input type="checkbox"/>	

13. Impact on Transportation
 The proposed action may result in a change to existing transportation systems. NO YES
 (See Part 1. D.2.j)
 If "Yes", answer questions a - f. If "No", go to Section 14.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. Projected traffic increase may exceed capacity of existing road network.	D2j	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in the construction of paved parking area for 500 or more vehicles.	D2j	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action will degrade existing transit access.	D2j	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action will degrade existing pedestrian or bicycle accommodations.	D2j	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may alter the present pattern of movement of people or goods.	D2j	<input type="checkbox"/>	<input type="checkbox"/>
f. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

14. Impact on Energy
 The proposed action may cause an increase in the use of any form of energy. NO YES
 (See Part 1. D.2.k)
 If "Yes", answer questions a - e. If "No", go to Section 15.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action will require a new, or an upgrade to an existing, substation.	D2k	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action will require the creation or extension of an energy transmission or supply system to serve more than 50 single or two-family residences or to serve a commercial or industrial use.	D1f, D1q, D2k	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may utilize more than 2,500 MWhrs per year of electricity.	D2k	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may involve heating and/or cooling of more than 100,000 square feet of building area when completed.	D1g	<input type="checkbox"/>	<input type="checkbox"/>
e. Other Impacts: _____ _____			

15. Impact on Noise, Odor, and Light
 The proposed action may result in an increase in noise, odors, or outdoor lighting. NO YES
 (See Part 1. D.2.m., n., and o.)
 If "Yes", answer questions a - f. If "No", go to Section 16.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may produce sound above noise levels established by local regulation.	D2m	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in blasting within 1,500 feet of any residence, hospital, school, licensed day care center, or nursing home.	D2m, E1d	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may result in routine odors for more than one hour per day.	D2o	<input checked="" type="checkbox"/>	<input type="checkbox"/>

d. The proposed action may result in light shining onto adjoining properties.	D2n	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may result in lighting creating sky-glow brighter than existing area conditions.	D2n, E1a	<input checked="" type="checkbox"/>	<input type="checkbox"/>
f. Other impacts: <u>None.</u>		<input checked="" type="checkbox"/>	<input type="checkbox"/>

16. Impact on Human Health NO YES

The proposed action may have an impact on human health from exposure to new or existing sources of contaminants. (See Part 1.D.2.q., E.1. d. f. g. and h.)
If "Yes", answer questions a - m. If "No", go to Section 17.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action is located within 1500 feet of a school, hospital, licensed day care center, group home, nursing home or retirement community.	E1d	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. The site of the proposed action is currently undergoing remediation.	E1g, E1h	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c. There is a completed emergency spill remediation, or a completed environmental site remediation on, or adjacent to, the site of the proposed action.	E1g, E1h	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d. The site of the action is subject to an institutional control limiting the use of the property (e.g., easement or deed restriction).	E1g, E1h	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may affect institutional control measures that were put in place to ensure that the site remains protective of the environment and human health.	E1g, E1h	<input checked="" type="checkbox"/>	<input type="checkbox"/>
f. The proposed action has adequate control measures in place to ensure that future generation, treatment and/or disposal of hazardous wastes will be protective of the environment and human health.	D2t	<input checked="" type="checkbox"/>	<input type="checkbox"/>
g. The proposed action involves construction or modification of a solid waste management facility.	D2q, E1f	<input checked="" type="checkbox"/>	<input type="checkbox"/>
h. The proposed action may result in the unearthing of solid or hazardous waste.	D2q, E1f	<input checked="" type="checkbox"/>	<input type="checkbox"/>
i. The proposed action may result in an increase in the rate of disposal, or processing, of solid waste.	D2r, D2s	<input checked="" type="checkbox"/>	<input type="checkbox"/>
j. The proposed action may result in excavation or other disturbance within 2000 feet of a site used for the disposal of solid or hazardous waste.	E1f, E1g E1h	<input checked="" type="checkbox"/>	<input type="checkbox"/>
k. The proposed action may result in the migration of explosive gases from a landfill site to adjacent off site structures.	E1f, E1g	<input checked="" type="checkbox"/>	<input type="checkbox"/>
l. The proposed action may result in the release of contaminated leachate from the project site.	D2s, E1f, D2r	<input checked="" type="checkbox"/>	<input type="checkbox"/>
m. Other impacts: <u>None.</u>		<input checked="" type="checkbox"/>	<input type="checkbox"/>

17. Consistency with Community Plans
 The proposed action is not consistent with adopted land use plans.
 (See Part 1. C.1, C.2. and C.3.)
 If "Yes", answer questions a - h. If "No", go to Section 18.

NO YES

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action's land use components may be different from, or in sharp contrast to, current surrounding land use pattern(s).	C2, C3, D1a E1a, E1b	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action will cause the permanent population of the city, town or village in which the project is located to grow by more than 5%.	C2	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action is inconsistent with local land use plans or zoning regulations.	C2, C2, C3	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action is inconsistent with any County plans, or other regional land use plans.	C2, C2	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may cause a change in the density of development that is not supported by existing infrastructure or is distant from existing infrastructure.	C3, D1c, D1d, D1f, D1d, E1b	<input type="checkbox"/>	<input type="checkbox"/>
f. The proposed action is located in an area characterized by low density development that will require new or expanded public infrastructure.	C4, D2c, D2d D2j	<input type="checkbox"/>	<input type="checkbox"/>
g. The proposed action may induce secondary development impacts (e.g., residential or commercial development not included in the proposed action)	C2a	<input type="checkbox"/>	<input type="checkbox"/>
h. Other: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

18. Consistency with Community Character
 The proposed project is inconsistent with the existing community character.
 (See Part 1. C.2, C.3, D.2, E.3)
 If "Yes", answer questions a - g. If "No", proceed to Part 3.

NO YES

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may replace or eliminate existing facilities, structures, or areas of historic importance to the community.	E3e, E3f, E3g	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may create a demand for additional community services (e.g. schools, police and fire)	C4	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may displace affordable or low-income housing in an area where there is a shortage of such housing.	C2, C3, D1f D1g, E1a	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may interfere with the use or enjoyment of officially recognized or designated public resources.	C2, E3	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action is inconsistent with the predominant architectural scale and character.	C2, C3	<input type="checkbox"/>	<input type="checkbox"/>
f. Proposed action is inconsistent with the character of the existing natural landscape.	C2, C3 E1a, E1b E2g, E2h	<input type="checkbox"/>	<input type="checkbox"/>
g. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

Full Environmental Assessment Form
Part 3 - Evaluation of the Magnitude and Importance of Project Impacts
and
Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

Reasons Supporting This Determination:

To complete this section:

- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

See Negative Declaration.

Determination of Significance - Type 1 and Unlisted Actions

SEQR Status: Type 1 Unlisted

Identify portions of EAF completed for this Project: Part 1 Part 2 Part 3

Upon review of the information recorded on this EAF, as noted, plus this additional support information

None.

and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the
Village of Pawling, Village Board as lead agency that:

A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact statement need not be prepared. Accordingly, this negative declaration is issued.

B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or substantially mitigated because of the following conditions which will be required by the lead agency:

There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.7(d)).

C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those impacts. Accordingly, this positive declaration is issued.

Name of Action: MTA Trunk Sewer Replacement Project

Name of Lead Agency: Village of Pawling, Village Board

Name of Responsible Officer in Lead Agency: Ms. Lauri Taylor

Title of Responsible Officer: Mayor

Re: NYSEFC
Pawling MTA Trunk Sewer Replacement Project
Village of Pawling, Dutchess County, NY
23PR04578

Dear Caren LoBrutto:

Thank you for requesting the comments of the New York State Historic Preservation Office (SHPO). We have reviewed the provided documentation in accordance with Section 106 of the National Historic Preservation Act of 1966. These comments are those of the SHPO and relate only to Historic/Cultural resources. They do not include other environmental impacts to New York State Parkland that may be involved in or near your project. Such impacts must be considered as part of the environmental review of the project pursuant to the National Environmental Policy Act and/or the State Environmental Quality Review Act (New York Environmental Conservation Law Article 8).

Based upon this review, it is the New York State Historic Preservation Office's opinion that no historic properties, including archaeological and/or historic resources, will be affected by this undertaking.

We recommend that the applicant contact the Pawling Cemetery to confirm the appropriate horizontal directional drilling depths in or near the cemetery. If you have any questions, I can be reached at Jessica.Schreyer@parks.ny.gov.

Sincerely,

Jessica Schreyer
Historic Preservation Program Analyst - Archaeologist

**BOND RESOLUTION
(SUBJECT TO PERMISSIVE REFERENDUM)**

At a regular meeting of the Board of Trustees of the Village of Pawling, Dutchess County, New York, held at the Village Hall, in Pawling, New York, in said Village, on the 17th day of July, 2023, at _____ o'clock P.M., Prevailing Time.

The meeting was called to order by _____, and upon roll being called, the following were

PRESENT:

ABSENT:

The following resolution was offered by Trustee _____, who moved its adoption, seconded by Trustee _____, to-wit:

BOND RESOLUTION DATED JULY 17, 2023.

A RESOLUTION AUTHORIZING REPLACEMENT OF SEWER TRUNK LINE AND RELATED IMPROVEMENTS IN AND FOR THE VILLAGE OF PAWLING, DUTCHESS COUNTY, NEW YORK, AT A MAXIMUM ESTIMATED COST OF \$2,069,796 AND AUTHORIZING, SUBJECT TO PERMISSIVE REFERENDUM, THE ISSUANCE OF \$2,069,796 SERIAL BONDS OF SAID VILLAGE TO PAY THE COST THEREOF.

WHEREAS, the capital project hereinafter described has been determined to be a Type II Action pursuant to 6 NYCRR Part 617.5(c)(2) of the regulations of the New York State Department of Environmental Conservation promulgated pursuant to the State Environmental Quality Review Act ("SEQRA"), as proposed, which, as such, will not result in any significant adverse environmental effects; NOW, THEREFORE, BE IT

RESOLVED, by the affirmative vote of not less than two-thirds of the total voting strength of the Board of Trustees of the Village of Pawling, Dutchess County, New York, as follows:

Section 1. Replacement of sewer trunk line and related improvements, including incidental improvements and expenses in connection therewith, in and for the Village of Pawling, Dutchess County, New York, are hereby authorized, subject to permissive referendum, at a maximum estimated cost of \$2,069,796.

Section 2. The plan for the financing of the aforesaid maximum estimated cost is by the issuance of \$2,069,796 serial bonds of said Village, hereby authorized to be issued therefor pursuant to the provisions of the Local Finance Law; provided, however, the amount of bonds to be issued shall be reduced by grants received in connection therewith.

Section 3. It is hereby determined that the period of probable usefulness of the aforesaid specific object or purpose is forty years, pursuant to subdivision 4 of paragraph a of Section 11.00 of the Local Finance Law. It is hereby further determined that the maximum maturity of the serial bonds herein authorized will exceed five years.

Section 4. The faith and credit of said Village of Pawling, Dutchess County, New York, are hereby irrevocably pledged for the payment of the principal of and interest on such bonds as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such bonds becoming due and payable in such year. To the extent not

paid from other sources, there shall annually be levied on all the taxable real property of said Village, a tax sufficient to pay the principal of and interest on such bonds as the same become due and payable.

Section 5. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell bond anticipation notes in anticipation of the issuance and sale of the serial bonds herein authorized, including renewals of such notes, is hereby delegated to the Village Treasurer, the chief fiscal officer. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Village Treasurer, consistent with the provisions of the Local Finance Law.

Section 6. The powers and duties of advertising such bonds for sale, conducting the sale and awarding the bonds, are hereby delegated to the Village Treasurer, who shall advertise such bonds for sale, conduct the sale, and award the bonds in such manner as the Village Treasurer shall deem best for the interests of said Village, including, but not limited to, the power to sell said bonds to the New York State Environmental Facilities Corporation; provided, however, that in the exercise of these delegated powers, the Village Treasurer shall comply fully with the provisions of the Local Finance Law and any order or rule of the State Comptroller applicable to the sale of municipal bonds. The receipt of the Village Treasurer shall be a full acquittance to the purchaser of such bonds, who shall not be obliged to see to the application of the purchase money.

Section 7. Such bonds shall be in fully registered form and shall be signed in the name of the Village of Pawling, Dutchess County, New York, by the manual or facsimile signature of the Village Treasurer and a facsimile of its corporate seal shall be imprinted or impressed thereon and may be attested by the manual or facsimile signature of the Village Clerk.

Section 8. All other matters except as provided herein relating to the serial bonds herein authorized including the date, denominations, maturities and interest payment dates, within the limitations prescribed herein and the manner of execution of the same, including the consolidation with other issues, and also the ability to issue serial bonds with substantially level or declining annual debt service, shall be determined by the Village Treasurer, the chief fiscal officer of such Village. Such bonds shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law, and shall otherwise be in such form and contain such recitals, in addition to those required by Section 51.00 of the

Local Finance Law, as the Village Treasurer shall determine consistent with the provisions of the Local Finance Law.

Section 9. The validity of such bonds and bond anticipation notes may be contested only if:

- 1) Such obligations are authorized for an object or purpose for which said Village is not authorized to expend money, or
- 2) The provisions of law which should be complied with at the date of publication of this resolution are not substantially complied with,

and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or

- 3) Such obligations are authorized in violation of the provisions of the Constitution.

Section 10. The Village Treasurer is hereby further authorized, at her sole discretion, to execute a project finance and loan agreement, and any other agreements with the New York State Department of Health and/or the New York State Environmental Facilities Corporation, including amendments thereto, and including any instruments (or amendments thereto) in the effectuation thereof, in order to effect the financing or refinancing of the specific object or purpose described in Section 1 hereof, or a portion thereof, by a bond, and/or note issue of said Village in the event of the sale of same to the New York State Environmental Facilities Corporation.

Section 11. The power to issue and sell notes for said specific object or purpose to the New York State Environmental Facilities Corporation pursuant to Section 169.00 of the Local Finance Law is hereby delegated to the Village Treasurer. Such notes shall be of such terms, form and contents as may be prescribed by said Village Treasurer consistent with the provisions of the Local Finance Law.

Section 12. This resolution shall constitute a statement of official intent for purposes of Treasury Regulations Section 1.150-2. Other than as specified in this resolution, no monies are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the object or purpose described herein.

Section 13. Upon this resolution taking effect, the same shall be published in summary form in the official newspaper of said Village for such purpose, together with a notice of the Village Clerk in substantially the form provided in Section 81.00 of the Local Finance Law.

Section 14. **THIS RESOLUTION IS ADOPTED SUBJECT TO PERMISSIVE REFERENDUM.**

The question of the adoption of the foregoing resolution was duly put to a vote on roll call, which resulted as follows:

CERTIFICATION FORM

STATE OF NEW YORK)
) ss.:
COUNTY OF DUTCHESS)

I, the undersigned Clerk of the Village of Pawling in the County of Dutchess, New York (the "Issuer"), DO HEREBY CERTIFY:

1. That a meeting of the Issuer was duly called, held and conducted on the 17th day of July, 2023.
2. That such meeting was a **special regular** (circle one) meeting.
3. That attached hereto is a proceeding of the Issuer which was duly adopted at such meeting by the Board of the Issuer.
4. That such attachment constitutes a true and correct copy of the entirety of such proceeding as so adopted by said Board.
5. That all members of the Board of the Issuer had due notice of said meeting.
6. That said meeting was open to the general public in accordance with Section 103 of the Public Officers Law, commonly referred to as the "Open Meetings Law".
7. That notice of said meeting (***the meeting at which the proceeding was adopted***) was caused to be given **PRIOR THERETO** in the following manner:

PUBLICATION (here insert newspaper(s) and date(s) of publication - should be a date or dates falling prior to the date set forth above in item 1)

POSTING (here insert place(s) and date(s) of posting- should be a date or dates falling prior to the date set forth above in item 1)

_____ IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the Issuer this
_____ day of July, 2023.

Village Clerk

(CORPORATE SEAL)

NOTICE OF ADOPTION OF RESOLUTION

NOTICE IS HEREBY GIVEN that the Board of Trustees of the Village of Pawling, Dutchess County New York, at a meeting held on the 17th day of July, 2023, duly adopted the resolution published herewith
SUBJECT TO A PERMISSIVE REFERENDUM.

Dated: Pawling, New York,

July 17, 2023.

/s/ Jennifer Osborn
Village Clerk

BOND RESOLUTION DATED JULY 17, 2023.

A RESOLUTION AUTHORIZING REPLACEMENT OF SEWER TRUNK LINE AND RELATED IMPROVEMENTS IN AND FOR THE VILLAGE OF PAWLING, DUTCHESS COUNTY, NEW YORK, AT A MAXIMUM ESTIMATED COST OF \$2,069,796 AND AUTHORIZING, SUBJECT TO PERMISSIVE REFERENDUM, THE ISSUANCE OF \$2,069,796 SERIAL BONDS OF SAID VILLAGE TO PAY THE COST THEREOF.

WHEREAS, the capital project hereinafter described has been determined to be a Type II Action pursuant to 6 NYCRR Part 617.5(c)(2) of the regulations of the New York State Department of Environmental Conservation promulgated pursuant to the State Environmental Quality Review Act ("SEQRA"), as proposed, which, as such, will not result in any significant adverse environmental effects;
NOW, THEREFORE, BE IT

RESOLVED, by the affirmative vote of not less than two-thirds of the total voting strength of the Board of Trustees of the Village of Pawling, Dutchess County, New York, as follows:

Section 1. Replacement of sewer trunk line and related improvements, including incidental improvements and expenses in connection therewith, in and for the Village of Pawling, Dutchess County, New York, are hereby authorized, subject to permissive referendum, at a maximum estimated cost of \$2,069,796.

Section 2. The plan for the financing of the aforesaid maximum estimated cost is by the issuance of \$2,069,796 serial bonds of said Village, hereby authorized to be issued therefor pursuant to the provisions of the Local Finance Law; provided, however, the amount of bonds to be issued shall be reduced by grants received in connection therewith.

Section 3. It is hereby determined that the period of probable usefulness of the aforesaid specific object or purpose is forty years, pursuant to subdivision 4 of paragraph a of Section 11.00 of the Local Finance Law. It is hereby further determined that the maximum maturity of the serial bonds herein authorized will exceed five years.

Section 4. The faith and credit of said Village of Pawling, Dutchess County, New York, are hereby irrevocably pledged for the payment of the principal of and interest on such bonds as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such bonds becoming due and payable in such year. To the extent not paid from other sources, there shall annually be levied on all the taxable real property of said Village, a tax sufficient to pay the principal of and interest on such bonds as the same become due and payable.

Section 5. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell bond anticipation notes in anticipation of the issuance and sale of the serial bonds herein authorized, including renewals of such notes, is hereby delegated to the Village Treasurer, the chief fiscal officer. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Village Treasurer, consistent with the provisions of the Local Finance Law.

Section 6. The powers and duties of advertising such bonds for sale, conducting the sale and awarding the bonds, are hereby delegated to the Village Treasurer, who shall advertise such bonds for sale, conduct the sale, and award the bonds in such manner as the Village Treasurer shall deem best for the interests of said Village, including, but not limited to, the power to sell said bonds to the New York State Environmental Facilities Corporation; provided, however, that in the exercise of these delegated powers, the Village Treasurer shall comply fully with the provisions of the Local Finance Law and any order or rule of the State Comptroller applicable to the sale of municipal bonds. The receipt of the Village Treasurer shall be a full acquittance to the purchaser of such bonds, who shall not be obliged to see to the application of the purchase money.

Section 7. Such bonds shall be in fully registered form and shall be signed in the name of the Village of Pawling, Dutchess County, New York, by the manual or facsimile signature of the Village Treasurer and a facsimile of its corporate seal shall be imprinted or impressed thereon and may be attested by the manual or facsimile signature of the Village Clerk.

Section 8. All other matters except as provided herein relating to the serial bonds herein authorized including the date, denominations, maturities and interest payment dates, within the limitations prescribed herein and the manner of execution of the same, including the consolidation with other issues, and also the ability to issue serial bonds with substantially level or declining annual debt service, shall be determined by the Village Treasurer, the chief fiscal officer of such Village. Such bonds shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law, and shall otherwise be in such form and contain such recitals, in addition to those required by Section 51.00 of the Local Finance Law, as the Village Treasurer shall determine consistent with the provisions of the Local Finance Law.

Section 9. The validity of such bonds and bond anticipation notes may be contested only if:

- 1) Such obligations are authorized for an object or purpose for which said Village is not authorized to expend money, or
- 2) The provisions of law which should be complied with at the date of publication of this resolution are not substantially complied with,

and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or

- 3) Such obligations are authorized in violation of the provisions of the Constitution.

Section 10. The Village Treasurer is hereby further authorized, at her sole discretion, to execute a project finance and loan agreement, and any other agreements with the New York State Department of Health and/or the New York State Environmental Facilities Corporation, including amendments thereto, and including any instruments (or amendments thereto) in the effectuation thereof, in order to effect the financing or refinancing of the specific object or purpose described in Section 1 hereof, or a portion thereof, by a bond, and/or note issue of said Village in the event of the sale of same to the New York State Environmental Facilities Corporation.

Section 11. The power to issue and sell notes for said specific object or purpose to the New York State Environmental Facilities Corporation pursuant to Section 169.00 of the Local Finance Law is hereby delegated to the Village Treasurer. Such notes shall be of such terms, form and contents as may be prescribed by said Village Treasurer consistent with the provisions of the Local Finance Law.

Section 12. This resolution shall constitute a statement of official intent for purposes of Treasury Regulations Section 1.150-2. Other than as specified in this resolution, no monies are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the object or purpose described herein.

Section 13. Upon this resolution taking effect, the same shall be published in summary form in the official newspaper of said Village for such purpose, together with a notice of the Village Clerk in substantially the form provided in Section 81.00 of the Local Finance Law.

Section 14. **THIS RESOLUTION IS ADOPTED SUBJECT TO PERMISSIVE REFERENDUM.**

CERTIFICATION OF POSTING

STATE OF NEW YORK)
) ss.:
COUNTY OF DUTCHESS)

I, the undersigned Clerk of the Village of Pawling, Dutchess County, New York, DO HEREBY CERTIFY:

That on the _____ day of July, 2023, I caused to be posted a Notice of Adoption of a bond resolution dated July 17, 2023, at the following six (6) conspicuous public places in said Village:

A true, correct and complete copy of such Notice of Adoption, in the exact form in which the same was actually posted, is attached hereto and made a part hereof.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of said Village this _____ day of July, 2023.

Village Clerk

(CORPORATE SEAL)

**2023 AMENDMENT TO AGREEMENT OF MUNICIPAL COOPERATION
FOR CONSTRUCTION, FINANCING AND OPERATION OF AN INTER-MUNICIPAL
SEWER INTERCEPTOR, TREATMENT AND DISPOSAL SYSTEM**

THIS AMENDMENT TO AGREEMENT is made this ___ day of _____, 2023 (“Effective Date”), by and between the Village of Pawling, Dutchess County, New York (“Village”) and the Town of Pawling, Dutchess County, New York (“Town”)

WITNESSETH:

WHEREAS, the Village and Town entered into an Agreement of Municipal Cooperation for Construction, Financing and Operation of an Inter-Municipal Sewer Interceptor, Treatment and Disposal System (“Agreement”) dated February 16, 1983; and

WHEREAS, the Agreement was amended by amendments dated October 29, 1985, February 20, 1986, January 11, 1994 (which voided a July 12, 1991 amendment), October 12, 1999; July 28, 2014, December 14, 2017 and February 20, 2018 and

WHEREAS, the Parties wish to further amend the Agreement as provided below;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. **Definitions.** Except as otherwise expressly defined in this amendment, each capitalized term which is used in this amendment and defined in the Original Agreement shall have the meaning set forth in the Original Agreement. The following terms shall have the meaning ascribed to such term herein:

- 1.1. “Effective Date” shall have the meaning set forth in the first paragraph of this amendment.

1.2. "Original Agreement" means the Original Agreement as amended by amendments dated October 29, 1985; February 20, 1986; January 11, 1994 (which voided a July 12, 1991 amendment); October 12, 1999; July 28, 2014; December 14, 2017 and February 20, 2018.

2. The first full paragraph of Section 1 of the Original Agreement is deleted and the following is inserted in its place:

"1. Creation of Commission. The Commission shall consist of seven (7) members, five (5) members consisting of the Mayor and the four (4) members of the Village of Pawling Board of Trustees ("Village Commissioners") and two (2) members from the Town of Pawling to be appointed by the Town Supervisor of the Town of Pawling ("Town Commissioners"). The Town Supervisor may appoint an alternate Commissioner ("Alternate Commissioner"). Whenever either one of the Town Commissioners is unable to attend a meeting of the Commission, the Alternate Commissioner may attend such meeting in place of such absent Town Commissioner and at that meeting that Alternate Commissioner shall have the same powers, duties and responsibilities as the absent Town Commissioner, including without limitation to power to vote on any matter presented to the Commissioners at such meeting. For the sake of clarification, in the event that both Town Commissioners are unable to attend a given meeting of the Commission and the Alternative Commissioner attends such meeting, the Alternate Commissioner shall only have one (1) vote at such meeting. Voting by proxy shall not be permitted. The Commission shall meet annually on the 2nd Thursday in January at 7:00 PM at the Village offices for the annual reorganization meeting. At such annual meeting, the Commission shall elect its own chairman, vice-chairman, secretary and

treasurer and shall establish the time and place of regular meetings of the Commission. Robert's Rules of Order will apply to the conduct of all meetings.”

The balance of paragraph 1 of the Original Agreement shall remain as originally written.

3. The Parties hereto represent and warrant: (a) that this amendment has been presented to the governing bodies of such Party; (b) that such governing body has approved this amendment by a majority vote of the entire voting strength of its governing body; and (c) that the Original Agreement as amended by this amendment is the valid and legally binding obligation of such Party and is enforceable in accord with its terms except as enforcement may be limited by bankruptcy, insolvency, reorganization or other laws relating to the enforcement of creditors' rights generally and by the discretionary nature of equitable remedies.
4. The Original Agreement as amended by this amendment is hereby ratified and confirmed and shall remain in full force and effect in accord with its terms.
5. This amendment is effective on the Effective Date.

IN WITNESS WHEREOF, the Parties have executed this agreement on the date set forth below.
